Shelf brackets sold separately (see our other products)

A Length: 24" (61cm), 36" (91.45 cm), 48" (121.90 cm)

B Depth: 8" (20.30 cm), 10" (25.40 cm)

C Thickness: 1/2" (13mm)

D Space for bracket: 1/2" (13mm)

All our products are handmade. Measurements may differ slightly from one product to another.

Cleaning: Clean with a damp cloth to remove dust. In case of grease residue, use glass cleaner. Do not use any abrasive compound or chemical products.

Important: Capacity and weight restrictions*

The weight restriction assumes that the brackets are correctly installed into solid wood beams (structural wood inside drywall). If this option is not available and anchors are required (eg., for drywall, brick/concrete, ceramic/tile etc.), please read and respect capability and weight restrictions from the anchor manufacturer you are planning to use.
