### 3 Spaces

A Inside dimension: 10¼" (26cm), 11¼" (28.60 cm) 12¼" (31.5 cm)

B Wall plate: 44"H (111.75 cm)

C "U" bracket: 4¼" (102.90cm)

D Space between supports: 14" (35.60cm)

E Top space: 6½" (16.50 cm)

F Lower space: 5½" (14 cm)

G Wall mount hole: 3/16"Ø, countersunk (4.5mm)

H Shelf mount hole: 3/16"Ø (4.5mm)

All our products are handmade. Measurements may differ slightly from one product to another.

**Cleaning:** Clean with a damp cloth to remove dust. In case of grease residue, use glass cleaner. Do not use any abrasive compound or chemical products.

### Important: Capacity and weight restrictions\*

The weight restriction assumes that the brackets are correctly installed into solid wood beams (structural wood inside drywall). If this option is not available and anchors are required (eg., for drywall, brick/concrete, ceramic/tile etc.), please read and respect capability and weight restrictions from the anchor manufacturer you are planning to use.

MDT Mobilier cannot be held liable for any direct or indirect damage caused by the use of any of its products, including, but not limited to, any damage arising from negligence, changes made to the product, any type of accident, normal wear of the product, overload or incorrect assembly of the product. We also cannot be held responsible for any improper installation that could damage the furniture, cause collateral damage or impact a person's health or safety.
